Gay Nazi bulletin edited in Los Angeles by Russell R. Veh. This issue contains a two-page pull-out section of personal ads which is said to be "available only to members and to subscribers who request it." We are further told that the editor "reserve[s] the right to reject or edit ads for considerations of space or suitability of content." Considering some of the ads printed, e.g. "Handsome white professional gentleman, slave, docile, obedient, seeks handsome well-hung horseback riders who want their fancy breeches kissed and their knee-high boots licked," one wonders what one would have submit in order to have it rejected! Stamped on the cover: "Sample Copy. For Future Issues SUBSCRIBE!!"

These people have fraudulently sold Sex Education as a cure for venereal disease and illegitimacy yet, wherever the program has been adopted, promiscuity, venereal disease and illegitimacy have sky rocketed. Is this taking 'sex out of the gutter,' or is it bringing the gutter into the classroom. Obscenity, perversions, bestiality, prurient, mind pollution! ... Every Virginia parent should learn what is being planned for his child under the guise of Sex Education. What is SIECUS? Who is behind it? What are their motives? What does it mean for your child's future?" With a photo of a California sex education class being conducted in the nude.

In the President's Car Jackie shoots J.F.K., from L.B.J.'s car someone fires at him, from a remote location (presumably the infamous "Grassy Knoll") an unknown assailant shoots him while shouting "Take THAT, You Commie Rat." Meanwhile in the Texas School Book Depository Oswald's gun jams causing him to lament: "Goddam \$12 Rifle Isn't Worth a Shit!!" Judging by a comparison of this with several of his other of his mimeograph productions it would seem that this was the work of Dave Rike. In any event, it came from his library.
